

NOT ENOUGH IN IT

Plucky Carroll Hartman Has to Give Up

SOME OF HIS ENTERPRISES

Because They Did Not Pan Out in Profits—His Uncle, Dr. Shepard, Secured for \$26,000.

Yesterday afternoon C. S. Hartman filed a chattel mortgage for \$26,126 on all his personal property in favor of his uncle, Dr. Charles Shepard.

For several years Mr. Hartman has been recognized as one of the most talented and enterprising young business men in the Grand river valley. For some time he had charge of the business affairs of his uncle, Dr. Charles Shepard, and his management was eminently successful in every particular. When the old Shepard block and the hall were built he had general supervision of the enterprise, and at the completion of the block he was given the management of the hall. It was a prosperous undertaking and soon became one of the best known public buildings in Michigan. About two years ago it was enlarged and remodeled, and was second only to the University hall at Ann Arbor in seating capacity. The annual rental of the hall for various social and political purposes together with the profits of the Hartman lecture course yielded a net annual revenue of \$7,500.

Less than a year ago the new Shepard block on Ottawa street was completed and Mr. Hartman was given the management of that. Shortly after he assumed control he purchased the music stock of Herrick, Morehead & Nelson in the McMullen block and moved it to the new Shepard building. The stock was a large one, and consisted of all varieties of modern musical instruments. Mr. Hartman added to this by purchasing a large stock of fancy furniture, the entire stock occupying three floors of the great building. The fifth story he arranged for dancing hall. It was a popular place of resort, and dancing parties were given there nearly every night during the season by some one of the social organizations of the city. The basement of the block was elaborately fitted up for a gymnasium and bowling alley, and was frequented by the physical training portion of the local 400. Last May Mr. Hartman conceived the idea of establishing an elaborate summer garden in the Hartman hall. To do this he was forced to close out his furniture stock at what was regarded as a sacrifice. The hall was fitted up with the most expensive soda water apparatus in the city. The electric light system of the hall was arranged, and was the most elaborate ever known in Grand Rapids. Potted plants and ferns were scattered and grouped in great profusion, and Wurzburg's band was engaged to give two concerts daily. Special attention was paid to the confectionery portion of the garden, and chairs and tables were arranged to accommodate over 4,000 guests at a time. But in spite of the cool refreshing surroundings the summer garden was not a success, and Mr. Hartman lost money on it every day it was open.

Dr. Shepard has been his financial backer in all his enterprises, and yesterday in order to secure his uncle from any loss, Mr. Hartman gave him a chattel mortgage for \$26,126. This covers the goods and chattels in the new Shepard block, including the stock of musical instruments, the gymnasium and bowling alley apparatus and other fixtures and equipments in the building. It also covers the office fixtures in the old Shepard block and all rentals that may fall due during the continuance of Mr. Hartman's lease, the fixtures of Hartman's hall, the soda water apparatus and all equipments. The mortgage was given to secure the payment of twenty-seven promissory notes aggregating \$26,126 on the face.

REPORT OF SALE FILED.

American Wheel Company's Plant Sold by the Court.

Noble C. Butler, special master in chancery has filed with the United States court his report of the sale of the stock and plants of the American Wheel company, which was made at Indianapolis. The property was ordered sold by the United States court to satisfy numerous claims against the company, which were turned over to Julius F. Pratt. The various plants in Ohio, Indiana and Michigan were bought by D. W. Marshall, the sale made at Indianapolis on July 29 by the master in chancery, for 80 per cent of the valuation which was appraised at \$1,290,000. The sale has been confirmed by the district court in Indiana and Ohio, and the report has been filed here for confirmation.

To the Reform School.

Tony Ficinaki and Christ Geigle, the youthful burglars that stole \$5 and some jewelry from Mr. Eyer's residence on Sibley street, were sentenced yesterday by Judge Haggerty to the reform school in Lansing until they are 18 years old. The boys are now 13 years old. Young Geigle has served time at that institution and also had another charge of larceny pending against him in police court when the latter case came up. He was released on the former charge under suspended sentence until September 1, in order to give him a chance to reform.

He Didn't Pay the Tax.

Austin W. Hill, justice of the peace at Cascade, filed his return with the clerk of the circuit court yesterday in the partial examination of Lewis Spaulding, charged with selling liquor without paying the state tax. Spaulding will be tried at the next term of the circuit court.

orders that were arrested a few days ago on complaint of Contractor Allison for assault and battery, paid the costs in police court yesterday, and the court suspended sentence on them.

For Criminal Assault.

Dr. Gunn of this city was arrested at McBridge Wednesday charged with criminal assault on Flossie Dougherty, and in default of \$5,000 bail was committed to jail at Stanton. It is rumored that threats of lynching were made at McBridge, and the authorities thought it safer to remove him to Stanton.

Police Court Notes.

John T. Gunder was arraigned in police court yesterday on a charge of secreting an old horse upon which a mortgage had been given for \$15. The prisoner pleaded not guilty and the examination was adjourned until this morning.

Mrs. Julia Smith of No. 24 Bartlett street was fined \$2 and costs in police court yesterday for using insulting and indecent language to her neighbor, Mrs. Knapp. Julia paid the amount assessed.

The cases against Frank Leitz and Jay Baker for violating the back ordinance were not pressed in police court yesterday.

SCHOOL CENSUS.

Reports From Seven Wards Show a Gain of 600.

The school census reports from seven of the twelve wards have been filed with Secretary Stein. The reports show an aggregate increase of about 600. The sixth ward shows the greatest increase thus far, over 400 more names having been rendered this year than last. The reports are coming in slowly on account of the hot weather. Most of the work this year is being performed by girls. The city pays \$2.50 per day for having the census taken. "I think it would be more satisfactory all around to pay the enumerators by the name," said Secretary Stein yesterday. "The work would be more accurately done and done quicker, in certain cases. In some of the districts it looks as if all the school children had not been found. It is a very difficult matter to get the census exactly in some of the wards. The work should be done by experienced men in certain districts instead of girls. The girls do all right in the residence portions of the city, but they have a hard time in many of these blocks and many of them never apply for those districts a second time."

Refreshing Showers.

Until 7 o'clock yesterday the thermometer coquetted with the 90's and the atmosphere was very close and humid. Shortly after 7 o'clock a heavy thunder storm dropped in and it rained at intervals all the evening. The temperature was reduced to 78 degrees at 9 o'clock and many persons obtained the first good night's sleep they have had in nearly two weeks.

OPENING THE CANAL.

The most acceptable proposition that can be made to persons troubled with chronic constipation, is to open that important canal—the bowels. That proposition can be carried out by the patient interested if they resort to Hostetter's Stomach Bitters, the most effective, most genial alternative extant. It is the mistake of many otherwise sensible people, that they resort to drastic, or, in other words, violent purgatives. Without exaggeration, this is highly injurious, since such medicines weaken the bowels besides besides constipating both them and the stomach with pain. Relief sought from the Bitters comes freely enough, but they never produce pain, free action, or the subsequent weakness of the bowels. Liver and kidney trouble, malaria, dyspepsia, lack of stamina and a tendency to rheumatism, are remedied by this pleasant substitute for purging cathartics.

Some remarkable cures of deafness are recorded of Dr. Thomas' Electric Oil. Never fails to cure earache.

Safe, Sure and Speedy.

No external remedy ever yet devised has so fully and unquestionably met these three prime conditions as successfully as Allcock's Porous Plasters. They are safe because they contain no deleterious drugs and are manufactured upon scientific principles of medicine. They are sure because nothing goes into them except ingredients which are exactly adapted to the purposes for which a plaster is required. They are speedy in their action because their medicinal qualities go right to their work of relieving pain and restoring the natural and healthy performance of the functions of muscles, nerves and skin. Do not be deceived by misrepresentation. Ask for Allcock's, and let no solicitation or explanation induce you to accept a substitute.
